JEEPERS IN THE NEWS

May 2017

Commander's Corner, Where did they go?, Club Happenings, & more!

Montezuma Mass Trail Opening Coming Soon!

Once again, Mile-Hi Jeep Club is helping clear trails in the Summit County area. This has been advertised at our Parent Club meetings, on Facebook, and in our monthly newsletter now for months.

Here are some final details for the Montezuma Mass Trail Opening weekend we are doing on June 24th & 25th. I hope to see as many people as possible out there.

We are working with Dillon Ranger District in Summit County to clear several trails of snow and debris so that the trails can be clear for the public and help alleviate off-trail damage. Over the course of two days, **June 24th & 25th**, we will attempt to open Red Cone, Webster Pass North, St Johns, Deer Creek, North Fork Swan, Middle Fork Swan, and Georgia Pass.

Summit High School Address: **16201 CO-9, Breckenridge, CO 80424**

Camp GPS: 39.516372, -105.937666 OR 39°30'58.9"N 105°56'15.6"W

LODGING/CAMPING:

A free group campsite has been established and will be on the west end of the North Fork Swan trail, right before the seasonal gate. This location is primitive camping with no amenities. So this means no bathrooms, no water. It is marked as a pink star on the map below. The GPS coordinates are 39.516372, -105.937666, or 39°30'58.9"N 105°56'15.6"W. To get here, take highway 9 to Tiger Road, which is just north of Breckenridge. Follow the road as it turns to dirt, and make a left on forest road 354. From here you will run right into the camp. Feel free to camp here the entire weekend starting Friday night. It is large enough, and the road smooth enough, to accommodate trailers of all sizes. You can find the best hotel deals in Dillon.

Saturday & Sunday Morning Meeting:

Each morning we will meet at the stadium parking lot on the south side of Summit High School. The address is 16201 CO-9, Breckenridge, CO 80424. Here we will discuss the routes, break up into crews, and answer any questions people might have. We will plan to meet here at 9am on both days.

As you can imagine, this is a very large project that will require a lot of people.

RIG TYPES WE NEED... **ALL KINDS!**

Stock, modified, buggies, doesn't matter! There will be no tire size requirements.

THE ONLY REQUIREMENT: You **MUST** have **FRONT** and **REAR tow points.**

There is no exception to the requirement above. There is a high likelihood of snow, and if you should get stuck, we will need to be able to pull you out from either direction.

WHAT WE NEED MOST... **BODIES and helping hands!**

We need as many hands on this project as possible. This is not about rig size, it's about clearing the trails for public use. With over 400 people in our club, I really hope this project will give us the opportunity to flex our muscle and show how strong of a group we really are in the state of Colorado. As users of these trails, we should take pride in being offered the opportunity to help promote responsible use of the trails and help get, and keep them open. Opportunities like this don't come often, so let's be sure to show how reliable we can be.

Equipment Needed

It is a good idea to bring a shovel and work gloves. If you have a chainsaw or any other wood cutting tool, those would also be good to bring.

If you have any questions, please feel free to email Ryan Boudreau boudreau1020@gmail.com

Commander's Corner

Fellow Jeepers,

It is hard to believe it is June already. Time flies.

I would like to thank all the members that have stepped up to take on the role of chair if all the needed roles in our organization. You all are doing a great job!

A few things coming up.

"All 4 Fun" , it is sold out! Good Job to Allen Dreiling and his crew. There is still room on some of the committees if you want to go and work on one. It's a way to attend this great event, and by working on a committee, you attend for free.

Green Horn runs. What a way to spend a day and meet new friends. Thank you Norm Dillion for taking on Trip Chairman.

Watch for information for Aspencades. Thank you Joe and Party and your Patrols for taking on the event.

It has been a great year so far!

Plain and Simple.

Mike Bowden

Mile Hi Jeep Club Commander

Where Did They Go?

On May 27th, a Greenhorn Run was held with 20 rigs, led by Patrol 2 to Hackett Gulch. While entering the trail, they came upon some fellow Jeepers in need, and a great chance to show off their recovery skills!

On May 29th, several patrols were represented in a trail run to Illinois and Missouri Gulches. It was a great day with new and old friends.

On June 4th, Patrol 4 made it out to Slaughterhouse for a fun time. Patrol members and non patrol members got out and enjoyed their trail together.

Here is Minion posing with the Stricty Crawlers event on June 10th, Look at that flex!

Here's a nice photo of some of our Weekday Wheelers from Patrol 2 who took on Bill Moore Lake on a Wednesday. Weekends aren't the only time to wheel!

On May 27th, The Rock Pirates got out together and made ruckus on the trail!

Patrol 8 joined up with NORAC for some cross club trail maintenance and at Bunce. Great guys! They worked with Forest Rangers, moved downed trees, and showed the Nissans what it meant to really use a winch! They look forward to future events together.

Where will you and your Patrol go next?

From the Trip Planner....

On May 30th [Colorado 4x4 Rescue and Recovery](#) responded to a rescue and recovery. Our team was able to assemble and deploy on scene in less than 4 hours, and successfully locate the client. In this case, our response allowed local SAR teams to stay available in case of a more pressing emergency.

After a stressful 27 hour stay in the backcountry, the clients are safe and healthy. All coms for this R&R was done through the usage of HAM radios and tracking by APRS. Without these systems, in place with Lic HAM operators, the monitoring team would not have had any communications with the recovery team and or the status of the clients. In this case, there was no dangers to life, health or even environment. But if there would have Colorado 4x4 Rescue and Recovery could have contacted the proper authorities to respond or to relay info back to the R&R team on scene. Interested in becoming a lic HAM? Check out [Patriot VE Team](#) Team for classes and testing! ~Norman Dillon (patrol19@mhjc.org)

We still need volunteers for:

- The Creepy Crawl
- Historian Chairperson
- Entertainment Chairperson

The Joys of Jeeping

Are you ready for All4Fun?!

Hello Everyone,

As you are aware, the 51st annual All-4-Fun event is coming up July 29-August 5 and will be held in Leadville this year. People from all over the country come to our event to experience the 4wheeling you can't experience anywhere else. The trails are what this entire event was built around and we want to ensure that our attendees have the best possible experience they can have while out on the trails. This year we are running some trails we have never before run at an All-4-Fun event. However, we are currently severely short of the number of trip leaders we require to put this event on.

Did you know committee members get to attend the event FOR FREE?!?!?

We understand how busy your summer schedule can be, but if it is possible for you to include a few days to help out the trips committee, we would greatly appreciate it.

Below is a list of the trails we plan to run this year. Take a peek and see for yourself just how exciting this year's event is going to be!

Again, if you can devote even a little bit of your time to helping out, we would appreciate it. You can register for committees at mhjc.org.

Thanks for your time we hope to see you on the trails!

Sincerely,

2017 All-4-Fun Trips Committee

TEN QUALITIES OF A GREAT TRAIL LEADER

from TheAdventurePortal

1. You must have good 4WD skills.
2. Know the trail.
3. Keep the gang together, especially at difficult obstacles.
4. Start on time, and keep the team on time.
5. Develop a good communications plan.
6. Know how to sequence the vehicles.
7. Be a people person. Any number of issues can crop up during a ride.
8. Handle pressure well.
9. Be considerate of others you encounter, and encourage the same in your group.
10. Treat your position as Trail Leader with respect.

Colorado 4x4 Rescue and Recovery is a 501(c)(3) Non Profit Organization created to provide vehicle and person recovery services on Colorado service roads, and 4x4 trails. This service involves the use of a trained team of members, 4x4 and other off highway vehicles, as well as recovery equipment and gear.

The specific objectives and purpose of this organization shall be:

- a. To provide vehicle and person recovery services on Colorado service roads, and 4x4 trails.
- b. To provide education to the public regarding preparedness and safe off-roading practices.
- c. To support other organizations in advocating proper trail use and etiquette.
- d. To provide opportunities for members of the 4x4 community to engage in recovery operations, and learn safe recovery practices.
- e. To support local government and volunteer organizations in search and rescue operations, as well as when high clearance vehicles are needed for them to access an area.
- f. To sponsor, host and/or participate in events and activities that promote the 4x4 hobby.

Remember: If you join a committee, you can get in for FREE to the SOLD OUT All4Fun!

AMERICAN HEROES IN ACTION

The mission of American Heroes in Action is to provide therapeutic outdoor adventures to American Heroes, including combat wounded veterans, injured firefighters, and injured members of law enforcement. If you would like to get involved in the adventuring with veterans, give last month's guest speaker a call. Dave Proffit can be reached directly at 303-931-3639 or at maildave@americanheroesinaction.org. He will help with the coordination of veterans if we have a run planned.

To check them out, go to Co4x4RnR.org. They will be hosting three training classes over the summer, and will be a great opportunity to learn more about recovery and the safety of your rig.

Trail Tips and Etiquette:

Louder doesn't mean faster.

Ride only on routes open to your vehicle.

Know your width.

Ride only on routes wider than your vehicle.

Don't block access to the trail while staging.

Ride over obstacles, not around them.

Slow down for your fellow riders.

Be an ambassador to non-motorized trail users.

Hunting with OHV's requires extra precautions.

Everyone has been asking for it...

After tons of work we finally have it...

Stay The Trail has finished it! See the list of the Full-Size Trails in Colorado that require a Colorado OHV Permit on StayTheTrail.org! Remember all of the money from

these permits goes to the Colorado OHV Grant Fund to maintain our trails, build new trails, and to educate the users. Over 4 million dollars in Colorado OHV Grants will be given out in 2017 and almost 50 million in Colorado OHV Grants have been given out since the program was started in 1991!!!

We are planning 12 to 15 Stay The Trail Stewardship Projects in 2017 and we would love for you to help!! If you would like to receive notifications about future Stay The Trail Stewardship Projects that you might be able to help with please go to the following link on the Stay The Trail website and complete the Stay The Trail Volunteer Sign Up, on staythetrail.com

Land Conservation Updates

Our Land Conservation Committee is made up of volunteer members from each of our Patrols. Our chairman will spend significant time mentoring committee members on what is happening and how each member of Mile-Hi Jeep Club can personally help in the fight to keep public land open for motorized recreation. All of our members are encouraged to reach out to the committee with any questions, concerns, or ideas regarding Land Conservation. We work toward a collaborative team effort within our club and encourage everyone to work together with local and national organizations, and other members of the off-road community. The main requirement for adopting a 4WD road is a core group within the Patrol that is willing to do the volunteer work involved. Most Patrols schedule *at least* one "work event" each year per adopted road to maintain their adopted road(s).

If you have any questions, please email the Land Advocacy chairman at landuse@mhjc.org.

Several Patrols have roads that they maintain or have adopted across Colorado:

Patrols 1&5:

Mill Creek

Patrol 2:

Breakneck Pass
Browns Pass

Patrol 6:

Saints John

Patrol 10&12:

Slaughterhouse Gulch

Patrol 11

Bird's Eye Gulch

Patrol 14

Webster Pass
Bill Moore Lake
Red Cone

Patrol 16

Sidewinder
Spring Creek

From Jerry Abboud and COHVCO.

"I am pleased to report that SB17-100, our insurance relief bill, is on its way to the governor for signature. If I missed anyone on this email please let them know. Once again thank you for all of your hard work, not just on the bill, but helping COHVCO and keeping the trails and roads open. Your letters and support, particularly from the clubs, were a great help so pass it

on to all. I am including our ATV, dirtbike, 4wd and snowmobile clubs and members.

Thanks to the COHVCO Board and the Powersports Dealers Association without whom this would not have been accomplished. Thanks to Jim Bensberg for all his political savvy it working to get the bill passed.

Of the 100 members of the General Assembly we received a grand total of 2 no votes and 4 absent. That's 94% for those who flunked senior math review in high school. It's been a long road, but I promised you we could fix the problems. Jim is working on a bill signing a bill signing ceremony with the governor. Please let me know if any of you folks would like to attend. It may be a limited number. And thanks again to Conrad for his testimony.

Together we saved the \$100 million dollar OHV grant program. With the new federal legislation addressing the need for volunteers and identification of priority trails for maintenance and repair, we are genuinely the only group poised to jump right in.

Finally, a big thank you to the Department of Natural Resources: Director, Bob Randall: Assistant Director, Madeleine West; Assistant director for Parks, Margaret Taylor and government liaison, Doug Vilsack.

Regards,

Jerry"

Meet the Patrols

Patrol 2 - Rat Patrol

Patrol Leader - Joe McDonough patrol2@mhjc.org

Our patrol is dedicated to having a blast doing the Jeep thing. We welcome all those that come along on our trail rides. We like to do all types of trails, from very difficult to moderate. We hold monthly patrol meetings on the 2nd Sunday of each month at patrol members' homes to plan next month's trail rides. We do, at a minimum, one trail a month. We make it a point that every vehicle that goes out, comes back. Our patrol is not just limited to Jeeps, if it's ready, let's GO.

Patrol 4 - Lost Patrol

Patrol Leader - Kevin Durham patrol4@mhjc.org

Our focus is to support the members of Patrol 4 to get out and enjoy the "JeepLife" safely. We run trails all year rating from 1 to 8, have Patrol meetings, support off-road agencies, All-4-Fun and Christmas Caravan up to having overnight camping excursions. A key commitment to our Patrol members is no one gets left behind! We have members of all ages who live all over the Denver Metro area; families welcome. Patrol and vehicle requirements are minimal and dictated by trail ratings.

Patrol 6 - F Troop

Patrol Leader - Mark Woodworth patrol6@mhjc.org

Patrol 6, "F Troop" to our friends, was founded under the concept that we all can work together to achieve, that "serious" needs to be left behind, winching is fun, and snow makes the trails interesting. We are diverse, CJ 3, CJ5, CJ6, 715, CJ7, XJ, YJ, ZJ, TJ, LJ, Samurai, Rock Buggy, even a JKR and JKU is in the mix. We bring the right rig to the trail of the day, many of us have several different types to maximize the occasion.

Serious trails are the normal outing, we seldom take the gravel roads. Performance upgrades are built, not just bought, and our vehicles are custom. A core of experienced wheelers and some unique outliers make us

eclectic and sometimes hard to bear. We are always there for club outings, events and whenever a volunteer is needed. Trail maintenance, being prepared, safe and capable, land access and

Patrol 8 - Rock Pirates

Patrol Leader - Will Carter patrol8@mhjc.org

Founded in 1999, our patrol enjoys all 4x4s, short and long wheelbase. We welcome families and singles who are ready to help us achieve our simple goals: have fun, attend our functions and those planned by other patrols and clubs, and work hard to see that our sport of 4-wheeling, and the land we enjoy, is available for generations to come.

Patrol 10 - High Caliber Jeepers

Patrol Leader - Patty Grosnick patrol10@mhjc.org

We like to do all kinds of trails, mostly moderate to scenic. We have highly modified to near stock rigs. We consist of family with kids, couples, and singles. We enjoy weekend and day trips and all club-related activities. We are BIG supporters of All-4-Fun. We are very informal and friendly - meet as often as possible - no pressure to participate - with no limit to patrol members.

Patrol 1 - HoboJeepers

Patrol Leader - Robert Stubbs patrol1@mhjc.org

The spirit of a "Hobo" and the fun of Jeeping are the ideals of our name. As Hobos ride the rails, we instead drive the trails in that same traveling spirit. We like to run from the scenic Jeeping routes to the rugged adventure trips. The Hobos of Patrol 1 have mainly modified Jeeps, as lifts and lockers are recommended for most trips. The Hobos also enjoy all the MHJC has to offer, hold our Annual Hobo Run, and "Tread Lightly". We get together every month at various members houses around Denver.

Patrol 3 - Rock Jox

Patrol Leader - Chad Wilson patrol3@mhjc.org

Rock Jocks is Patrol 3 of the Mile High Jeep Club (MHJC). The Patrol is a fun loving adventurous group that enjoys easy to hard core trails. Members have to have a minimum of 33" tires, and lockers or limited slip. Expect to have fun, no bull, no politics. We enjoy the trails, help keep them open, and teach others how to do the same.

Patrol 5 - The Low Rangers

Patrol Leader - Gail Moul patrol5@mhjc.org

Members include singles, couples, families with kiddos & our 4 legged families. We live all around the surrounding Denver area. Patrol 5 is active in All-4-Fun, Christmas Caravan, Stay the Trail, and we support all MHJC functions. We occasionally plan other events and activities that are not 4-wheeling related, BBQ's, vehicle rallies, parades, dinner, etc. We enjoy camping and scenic to moderate jeeping. Trips include day trips, weekends and week-long excursions. Most of our vehicles are equipped to handle most any kind of Jeeping.

Patrol 7 - Rainbow Chasers

Patrol Leader - Jerry Cronk patrol7@mhjc.org

We continually participate in and actively support the leadership of MHJC and the annual All-4-Fun. We are a fun group of couples who enjoy each other and a variety of social activities, 4-wheeling, and camping. Vehicles vary in make, model, and year, as do our members! Meetings are held the 2nd Wednesday of each month at different members' homes. Guests are always welcome at our meetings and outings.

Patrol 9 - Trail Dawgs

Patrol Leader - Dave Grey patrol9@mhjc.org

We are or have been members of the US Uniformed Services and First Responder organizations. We drive lightly to heavily modified vehicles and enjoy easy to difficult runs. Most runs are day trips on the weekends with kids and dogs. We enjoy night runs, weekend trips, and camping. Safety is primary in everything we do. We practice courtesy toward other trail users, and we guide and assist each other so no one is left behind. We participate in trail maintenance, reforestation, and the Four Wheel Emergency Assistance Team.

Patrol 11 - Cliffhangers

Patrol Leader - Todd Frick patrol11@mhjc.org

Our patrol is active in the pursuit of adventurous, safe and fun 4-wheeling. Our members live all over the metro area and are of all ages. We participate in All-4-Fun, Toys for Tots and other MHJC activities. We meet for our patrol meetings, when needed, as it fits our members' schedules. We enjoy moderate to sometimes difficult 4-wheeling. We are firm believers in "Stay The Trail" and we practice safe and responsible 4-wheeling. We believe in educating future generations about preservation of trails and safe 4 wheeling. Visitors are always welcome.

Get all your MHJC Gear at
<http://mhjc.qbstores.com>

Patrol 12 - Fugowies

Patrol Leader - Dave Mozell patrol12@mhjc.org

Patrol 12 is dedicated to enjoying the scenic beauty of Colorado from its backroads. We have younger and older members with vehicles from moderate to major modifications. We run 25 trips each year including two trips to Moab and All-4-Fun. Most trips are moderate in difficulty and located in the front range of Colorado. A few are more challenging. In order to maintain a closely knit membership we have participation requirements and we limit ourselves to 15 active members at any one time. Visitors and new members are welcome to come along with us on

Patrol 14 - Alpine 14ers

Patrol Leader - Bill David patrol14@mhjc.org

We are a large, active patrol that has members of all ages and vehicle ability. We enjoy a variety of moderate degrees, and run both local trails and overnight trips. Our priorities are 4-wheeling, trail maintenance, and helping each other.

Patrol 16 - Sasquatch Jeepers

Patrol Leader - Ryan Boudreau

patrol16@mhjc.org

We are comprised of various aged people who drives various makes and models of vehicles which have moderate to extreme modifications. We try to run at least 2 trails per month (moderate to extremely difficult). Membership into this patrol requires at least 35" tires, duel lockers, front and rear recovery points, and a

Patrol 18 - The Outcast

Patrol Leader - Mike Paris patrol18@mhjc.org

The purpose of this Patrol is to organize members of the Mile-Hi Jeep Club of Colorado (MHJC) and their families into a cohesive, friendly, and supportive group of off-road enthusiasts to enjoy the benefits of our sport, support the MHJC, perform trail maintenance projects, and advocate for land use issues. Members of this Patrol will enjoy the camaraderie of wheeling with other four wheel drive vehicles.

Patrol 20 - Maze Runners

Patrol Leader - Craig Carpenter

patrol20@mhjc.org

Est in 2015, we believe in a cohesive, friendly, respectful, courteous, supportive, cooperative, & safety-minded group, on and off the trails. We strive to create & maintain positive relationships with members of other Patrols, other outdoor enthusiasts, & our community. We support trail maintenance projects and advocate for the responsible use of wilderness areas. This is a diverse group that welcomes individuals, couples and families of all ages.

Patrol 13 - Trail Runners

Patrol Leader - John Davenport patrol13@mhjc.org

We always welcome new members and visitors. We meet the second Saturday of every month, alternating at members' homes. We enjoy light Jeeping, support all Mile-Hi Jeep Club activities, have social activities, and actively help each other. Our members are mainly couples with grown children. Come visit with us any time.

Patrol 15 - High Altitude 4-Wheelers

Patrol Leader - Jeff Fish patrol15@mhjc.org

Patrol 15 members range from Lifetime Members to Associate Members, to first timers. Our wheeling experience ranges from moderate to experienced with the majority of rigs set up moderate to extreme. Members are spread out across Colorado with our 'adopted Coloradoans' that live out of state. We enjoy trails that range from scenic/ historic to challenging/ extreme. We welcome singles, families and old farts of all kinds, as long as you have a good sense of humor and like to

Patrol 17 - The Colorado Pack

Patrol Leader - Robby Paterson patrol17@mhjc.org

Patrol 17 was formed in 2015, seeking to bring families, couples and singles who enjoy all aspects of the outdoors together. We live all over the metro area and Front Range and rotate between members homes each month to plan future events. We are environmentally friendly and safety minded at all times. We try to hold at least one event each month (scenic to difficult). We are active in various MHJC events and inter-patrol activities. There is a limit of 20 vehicles to the Patrol. All types of vehicles are allowed in our patrol but we do have entry and participation requirements.

Patrol 19- The Jeep Hikers

Patrol Leader- Normal Dilon patrol19@mhjc.org

The purpose of Patrol 19 "The Jeep Hikers" is to organize members of the Mile-Hi Jeep Club of Colorado (MHJC) and their families into a cohesive, friendly, social and supportive group of off-road enthusiasts to enjoy the benefits of our sport, support the parent organization and help educate others. The majority of our trips are during the day and on weekends. We also do night runs, over landing and camping trips. We Stay the Trail® and Tread Lightly® at all times! We pack out (plus) what we pack in on the trail and at camp. Safety is the number one factor in all that we do on the trail, on the road, or in camp. We practice courtesy toward other trail users at all times and we leave no one behind. Please contact us for more information, including our requirements for acceptance.

Patrol 21 - The Outlaws

Patrol Leader - Jordan White patrol21@mhjc.org

In true Outlaw spirit, we are composed of all ages, vehicles and walks of life, 4 legs included you can't forget a Jeepers best friend. The Outlaws is welcome to first time Jeepers and veteran offroaders. We like to tackle the most difficult terrain and also enjoy a Sunday drive or a friendly get together. Runs can be led by any patrol member and we encourage to branch out and go wheeling

As a new or unaffiliated member, please take the time to read the Patrol descriptions to find out which one might suit you best!

Affiliate & Partnership Clubs

The purposes of the Mile-Hi Jeep Club are: to unite adventure loving people in worthwhile four-wheel drive activities; to educate its members in the proper manner of all road driving; to protect and preserve the natural beauty and terrain; to participate, on a voluntary basis, in search and rescue and other humanitarian missions as the community needs; to share good fellowship while operating our vehicles in a manner so as to preserve and protect our land for all generations; and to extend the courtesy of the open road to all. Membership is open to those individuals owning any four-wheel drive vehicle, and is the duty of each member to abide by all the laws, rules, and regulations. www.mhjc.org

The Blue Ribbon Coalition champions responsible use of public lands for the benefit of all recreationists by educating and imploring its members to: secure, protect, and expand shared outdoor recreations, access, and use; work collaboratively with land managers and other recreationists; educate the general public, media, elected officials, and other decision-makers on recreation and access issues; promote equitable and responsible land management; affect the political and administrative process; support recreation on, and promote respect for, private property; and encourage appropriate enforcement of the law. The Blue Ribbon Coalition is a well-organized, financially sound, and steadily growing national coalition of organizations, businesses, and individuals. www.sharetrails.org

The mission of the Colorado Off-Highway Vehicle Coalition (COHVCO) is to represent, educate, assist, and empower OHV recreationists via the protection and promotion of off-highway motorized recreation throughout Colorado. COHVCO is an environmental organization that advocates and promotes the responsible use and conservation of our public lands and natural resources to preserve their aesthetic and recreational qualities for future generations. www.cohvco.org

Our mission is to reinforce and highlight responsible off-highway vehicle (OHV) use, and to modify and mitigate irresponsible use in an effort to minimize resource damage on public lands. Our goal is to create a statewide culture of responsible OHV use which will continue beyond the life of the project, effectively creating a stewardship ethic among all Colorado OHV recreationists. www.staythetrail.org

Tread Lightly Inc. is a national non-profit organization with a mission to proactively protect recreation access and opportunities in the outdoors through education and stewardship initiatives. Not only is Tread Lightly Inc. the nation's signature ethics message for outdoor enthusiasts that use motorized and mechanized vehicles, but also Tread Lightly Inc. offers unique training and restoration programs strategically designed to instill an ethic of responsibility in a wide variety of outdoor enthusiasts and the industries that serve them. The organization's goal is to balance the needs of people who enjoy outdoor recreation with society's need to maintain a healthy environment, and we are leading the way to help remedy current recreation issues. Tread Lightly Inc. is funded by donations from individual members, corporations, dealerships, clubs, retailers, and other organizations interested in spreading the message of responsible and ethical use of the outdoors. www.treadlightly.org
